EXPERIENCE

Fresher Software Developer Personal Projects & Academic Experience

• PORTFOLIO WEBSITE

Developed a personal portfolio website using HTML, CSS, and JavaScript to showcase programming skills and projects.

• KBC QUIZ (GAME)

Developed a KBC (Kaun Banega Crorepati) quiz game using C that features a question-answer system using file handling and prize money logic.

• MYNTA CLONE

Myntra Clone using HTML, CSS and JavaScript. A responsive Website with product listings, details page, shopping cart, filters, and sorting options. Implemented dynamic features and ensured mobile compatibility using CSS and JavaScript.

• TIC TAC TOE (GAME)

Developed a console-based Tic Tac Toe game using C with two-player functionality, input validation, and win condition checking. Implemented the game logic and displayed the board in the terminal.

• BANK MANAGEMENT SYSTEM

"Bank Management System in C" is a console-based project utilizing file handling, structures, and secure authentication to manage accounts. It supports account creation, transactions, and admin controls, ensuring data persistence and smooth banking operations.
